

Job Title: Analyst/Associate at Capital Markets and Derivatives Advisory MA Firm

Company: Mohanty Gargiulo LLC, New York, NY

We are a capital markets advisory firm focusing on providing risk-management and structured solutions to issuers, such as public entities (states, cities, municipalities), 501(c)3 organizations and corporations. We provide clients with a wide range of advisory services: from tax-exempt capital markets advice related to debt structures such as bonds, letter of credit, structuring and execution of derivatives transactions, to debt/derivatives portfolio monitoring and reporting.

The firm is registered Municipal Advisor with MSRB/SEC.

Job Description:

The analyst will work closely with the senior professionals of the firm to provide day-to-day support, such as preparation of Excel spreadsheets and PowerPoint presentations, research on Bloomberg and other specialized sources of financial data/information. Other duties will include the creation and maintenance of databases, preparation of daily reports, responding to client inquiries, and modeling of derivatives transactions using the firm's models.

The position offers a great opportunity to acquire extensive top-notch training in tax-exempt and taxable fixed-income capital markets and to grow with the company.

Qualifications:

Undergraduate degree; either recent graduate or up to three years of work experience. Preferred majors: business, economics, math, computer science. Strong quantitative, communication, and analytical skills. Applicant must be proficient in Excel and PowerPoint.

The candidate should be comfortable working in a small, entrepreneurial environment, as well as performing well under tight deadlines and pressure.

How to apply:

Please e-mail cover letter/email and resume to zoya@mohantylc.com
