

## **Job Description: Energy Services - Credit Officer**

### ***Business Overview:***

Bank of America Global Leasing is the largest U.S. equipment financing company, serving over 65,000 clients worldwide. We have \$69 billion in total assets, and have a significant global presence, with nearly 1,000 associates. Together with our affiliated companies\*, we provide equipment financing solutions to small businesses, middle-market and large corporations, offering product expertise in government financing and wholesale vendor financing, as well as tailored programs specific to industry segments, including aviation, healthcare, energy services and renewable energy.

*\*Certain products are offered through Banc of America Public Capital Corp, a wholly-owned subsidiary of Bank of America N.A.*

### ***Essential Functions:***

Responsible for helping state & local government, public school district, public higher education and institutional clients achieve energy efficiency and conservation measures through the innovative use of various funding alternatives; possess and share with the client and other members of the client team expert knowledge of business finance and the products and services associated therewith. Interact regularly with clients in an effort to proactively understand their goals, their current performance, and their needs. The Leasing Credit Officer II uses this client knowledge to assess the appropriateness of existing solutions and to propose optimal financing alternatives or additional financing solutions. Directly accountable for managing credit quality and the approval process through their interaction with senior Risk Management Officers and Product Delivery Managers. Also accountable for the documentation of transactions as a principal member of the transaction team.

### ***Preferred Education:***

Undergraduate degree in finance or accounting; MBA preferred

### ***Preferred Prior Work Experience:***

5-7 years' experience in commercial banking, leasing, insurance or finance industry with significant credit experience.

### ***Preferred/Desired Skills:***

- Experience in municipal and institutional credit analysis and underwriting, including secured equipment-oriented financings (lease and debt), real property transactions, and various types of bond financings. Should be comfortable with the structuring and documentation of such financings.
- Municipal underwriting experience is preferred; experience with Federal government energy and/or IT financing transactions a plus
- Strong credit and risk analysis skills
- Ability to analyze, interpret and negotiate third party documentation
- Customer service
- Problem solving
- Clear and articulate oral and written communication skills
- Computer skills
- Organization
- Teamwork
- Results oriented, is able to accomplish objectives in a specified timeframe
- 10% Travel
- Preferred locations – Chicago, New York
